

Appeal Process

The Kearny School district is eager to answer questions and resolve issues at a level closest to the student. Please address your concerns first with your child's teacher, then direct them to a building principal or to Flora Encarnacao, the Director of Curriculum and Instruction PK-12. If you still have a problem needing resolution, please contact the Superintendent of Schools. Only then, if still unresolved, you may put it in writing to and address the local board of education. You will get a response in writing. Finally, if there is a complaint or dispute, you may take it to the NJDOE Commissioner of Education, as per the directions here:
